PROFESSIONAL SUMMARY

Senior Angular Developer with **5 years of experience** in designing, developing, and maintaining **scalable, high-performance web applications**. Strong expertise in **Angular (v8–v17)**, **TypeScript**, **RxJS**, and **Reactive Forms**, with hands-on experience in **component-driven architecture**, **state management (Akita)**, and **unit testing (Jest)**. Proven ability to collaborate with cross-functional teams to deliver **production-ready, user-centric solutions** for **product-based and enterprise applications**.

TECHNICAL SKILLS

Frontend: Angular (7–17), Angular Signals, TypeScript, JavaScript (ES6+), RxJS, Akita, Module Federation with Nx Monorepos

UI & Styling: HTML5, CSS3, SCSS, Bootstrap, Tailwind CSS, Responsive UI

Accessibility & Standards: Knowledge of WCAG guidelines and accessibility best practices

Visualization: D3.js, Highcharts

Testing: Jest, Angular TestBed, Unit & Component Testing

Tools: Git (GitHub), Jenkins, CI/CD, npm, Webpack, Storybook

APIs: REST APIs, JSON, HTTP Interceptors

Methodologies: Agile/Scrum, Performance Optimization, Lazy Loading

PROFESSIONAL EXPERIENCE

Senior Angular Developer

Catalyst IT | Pune | Mar 2025 – Present

- Developed enterprise level Angular v17 applications using modular architecture, Nx monorepo, and microfrontends, reducing deployment time by 35% and accelerating feature delivery by 40%.
- Built dynamic form builders (Reactive Forms, ControlValueAccessor) improving reusability by 45% and reducing development effort by 50%.
- Implemented microfrontend state isolation with Akita, improving performance by 30% and scalability across teams.
- Increased code coverage to 90% using Jest; reduced regression issues.
- Integrated secure REST APIs via Angular services & HTTP Interceptors; enforced architectural boundaries in Nx workspace.

Senior Angular Developer

Beinex | Kochi | Jul 2023 – Oct 2024

- Developed scalable Angular (v13–v16) applications using TypeScript & RxJS with modular, reusable component architecture.
- Built interactive data visualizations using D3.js & SVG within Angular.
- Designed responsive cross-browser UI (HTML5, CSS3, SCSS).
- Integrated REST APIs and optimized performance via lazy loading, efficient RxJS handling, and change detection tuning.
- Worked in Agile/Scrum teams; followed clean code & Git-based review practices.

Angular Developer

Alchemus (IGSRS) | Mumbai | Jan 2022 – Jun 2022

- Developed Angular v11 microfrontend applications using Custom Elements; improved scalability by 30%.
- Implemented WebSockets for real-time updates and consolidated multiple REST APIs into a unified enterprise system.
- Optimized RxJS handling and rendering performance, reducing page load time by 40%.
- Delivered responsive, cross-device UI solutions.

Angular Developer

Yorosis Technologies | Coimbatore | May 2021 – Oct 2021

- Developed Angular v9 applications with reusable UI components and Angular Material CDK (drag-and-drop).
- Improved performance via lazy loading, reduced bundle size, and optimized change detection.

Angular Developer

Forcesight Solutions Pvt Ltd | Coimbatore | Aug 2019 – Oct 2020

- Developed Angular v7 applications; integrated third-party APIs using RxJS for asynchronous data handling.
- Built responsive UIs with Angular Material and Highcharts; optimized bundle size and module loading.

EDUCATION

B.E., Electronics & Communication Engineering – Sree Sastha Institute of Engineering & Technology, Chennai (2013–2017)

CERTIFICATIONS & TRAINING

JavaScript (Basic) & Angular (Basic) – HackerRank | Angular Signals -Udemy) | Agile XL – iLink Digital | Angular, Ionic & Ruby on Rails – Altius Technologies | PHP & MySQL – St. Whiz Technologies
